

*Beautifully designed  
furniture you can rely on.*

# OPENING DOORS, DRAWERS, ACCESSORIES AND FITTINGS

Please note that we do not manufacture vinyl wrapped or PVC products. These are manufactured by local businesses.

# PVC Edge Doors & Drawers

PVC edge doors and drawers are a plain, solid design. They are available in any Kronospan and Egger colour finish (see pages 30-36) with either a matching edge or contrasting edge.

## Why Choose A PVC Edge Product?

- Easy to maintain
- Stain resistant
- UV stable
- Durable
- Inexpensive
- Vast range of colour finishes

Not all colours have matching wax or screw cover caps. Shade differences may occur between some board and edging. We will always use the recommended edging unless instructed otherwise.

|                                                                                                                          |                                                                                                                              |                                                                                                                                 |                                                                                                                              |                                                                                                                              |                                                                                                                         |                                                                                                                             |                                                                                                                                 |                                                                                                                                |                                                                                                                        |                                                                                                                   |
